Sound equipment and professional sound engineers are provided. NBT Mainstage provides its own hospitality to its performers. This stage is managed by Ken Millet and Night Eagle Productions.

ART ZONE STAGE

Offering performance opportunities to family-oriented solo, duo, trio, or small ensembles of dancers, musicians, drummers, puppeteers, jugglers, magicians, story-tellers, theatrical performers, and face-painters. Located in the Create Zone on West Main Street. Tent is 12X12 with sides and floor, but additional performance space is available. Sound equipment provided.

ColorScape Chenango Arts Festival

is the premier arts and music Festival in the Southern Tier region of New York State. Now beginning its 27th year, it is increasingly viewed as THE place to see and buy art, listen and even dance to music, and engage the arts in a variety of ways. We are a full spectrum arts festival, with fine arts and crafts, music and performances on three stages, literary arts, and Art Zones where children and adults can engage the creative process. The Festival takes place every year on the first weekend after Labor Day. To learn more about our Festival, please visit:
